**Muhammad Fiaz Bhatti**  
C.E.O

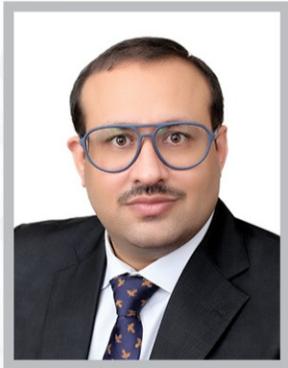

## WHO ARE WE!

We are a reliable and professional Manufacturer of **Leather Working/Industrial, Welding, Mechanics, Leather Cut-Resistant, Impact-Resistant, Winter and Synthetic Leather Gloves** based in Sialkot-Pakistan since **1985**. Our knowledge and expertise of more than **35 years** with Highly Qualified and Experienced Supervision make us a trusted leader within our industry. We have our **own Tannery, Production and Packing Department** together under one roof, which provides us a competitive advantage in terms of maintaining **Quality, Low (internal) Transportation costs and providing competitive prices with swift delivery solutions.**

## WHY US!

### Our Products & Materials:

We have more than **100 styles of CAT II certified gloves in Goatskin, Sheepskin & Cowhide** according to **EN ISO 21420:2020 & PPE EU Regulation 2016/425 (EN388:2016+A1:2018)** including **Assembly, Driving, Canadian, Welding** (additionally certified according to **EN 407:2020 & EN 12477:2001+A1:2005**) and **Winter Gloves** (additionally certified according to **EN 511:2006**). Our **leather and materials** are according to **REACH Regulation** and a few of our materials are certified according to **Standard 100 by Oeko-Tex®.**

**Afzaal Bhatti**  
Managing Director

### Quality & Assurance:

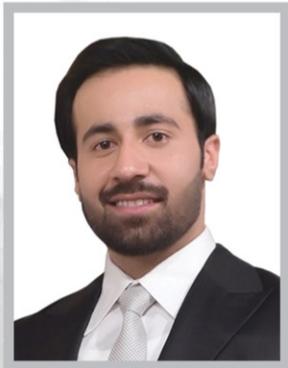

We are an **ISO 9001:2015, ISO 14001:2015 and SEDEX | SMETA (4-Pillar)** certified company. Our whole production runs through an **ERP (Enterprise Resource Planning) system** through which we can easily trace the exact raw materials batch used against each pair.

### Production Capacity:

With a **Labour force of more than 725 workers, 500 Sewing Machines, 68 Hydraulic Cutting Presses, 3 TPR, 3 Silicone and 2 Screen Printing Unit** enable us to produce **3.6 million pairs annually** but this production can be rapidly enhanced to **4.5-5 million pairs annually** by capitalizing the same resources.

### Customized Products:

We have our own **Research & Development Department** which is always keen on checking every latest invention in the field of gloves. We can make **customized products with your company logo** on your request or you can send us your own design in order for us to send you free counter-samples.
